

BBITON INDUSTRIAL SOLUTIONS

Company profile

Dear Sir / Madam,

We are pleased to introduce BBITON Industrial Solutions as a professionally managed Indian company providing integrated industrial solutions, project support services, and workforce solutions to the manufacturing, infrastructure, warehousing, commercial, and construction sectors having ISO 9001: 2015 standard.

At BBITON, we understand that modern industries require more than individual products or isolated services. They require a dependable partner capable of supporting operational efficiency, project execution, technical requirements, fabrication needs, and workforce deployment under one coordinated platform.

With this vision, BBITON delivers practical, reliable, and value-driven solutions through four specialized business divisions:

1. ELECTRICAL CONTROL PANELS & others all kind of panels for industries.

We provide professionally engineered electrical control panel solutions including PCC Panels, MCC Panels, PLC Panels, VFD Panels, APFC Panels, and customized automation control systems designed to support industrial operations, process control, power management, and production efficiency.

2. FABRICATION SOLUTIONS

Our fabrication division supports industrial and commercial projects through structural fabrication, custom metal fabrication, equipment supports, platforms, frames, steel structures, and workshop-based fabrication services tailored to project requirements.

3. HVAC SOLUTIONS

We provide HVAC solutions including ventilation systems, ducting works, air distribution systems, air conditioning support, HVAC installation assistance, and related services designed to improve operational efficiency and workplace comfort in industrial and commercial facilities.

4. INDUSTRIAL CONSTRUCTION & SHADE SOLUTIONS

We support industrial development projects through warehouse structures, industrial sheds, factory shades, steel construction works, and related site support services, helping clients create safe, functional, and efficient operational environments.

5. MANPOWER SUPPORT SERVICES

We provide skilled, semi-skilled, and project-based manpower solutions including electricians, welders, fabricators, fitters, helpers, supervisors, and other industrial workforce categories required for construction, manufacturing, fabrication, and maintenance activities.

WHY BBITON

- Single-source industrial solutions provider
- Customer-focused and execution-oriented approach
- Reliable technical and workforce support
- Practical understanding of industrial project requirements
- Commitment to quality, safety, and professionalism
- Flexible support for small, medium, and large-scale projects
